VOLUME ① CURRENTLY ON
SALE TO GREAT ACCLAIM!

I'll never let you go
もう離さない——

Well...

Thanks
for the
food!

What a
delicious meal.
Maybe now
I'll have
enough energy
to go back
to school!
It's been
a while.

For the
time being,
I'll get my
friends to
copy their
notes for me.

I can't
stay
home,
though.

Oh...

Can you
make any
progress
in your
studies with
your hand in
that state?

Since
I'm on a
scholarship...

I have
to meet
super-strict
standards for
my grades and
attendance.

A
scholar-
ship...

Cast

Masaki - A young girl who got 20 first kisses, the most for any girl.

Yui - The oldest student, the class president and all others in the school love her for her beauty.

Yui - A young woman in the school who later her attraction is shown particularly towards...

There are still some parts of Masaki that I do not understand very well.

Nearly a month has passed since I began living here.

Sometimes I get these feelings...

like something's off

And kind of like despair

In the beginning, I simply thought she was a fool

But I was wrong.

ARE YOU
ALL RIGHT?!

MASAKI-CHAN?

BAM

...Huh?

Ahaha.

I'm so
sorry for
startling you.

.....
H?

She stopped
contacting me,
you see.

How are
things going
with you?

Are you and
Masaki-chan
getting along
well?

You and
Masaki-chan
seem like polar
opposites.

I don't
mean to be
rude...

But,
going by
appearances
at least,

CLINK

I can hardly
praise her for
acting without
using her head.

I become
irritated
when I see her
grinning like
an idiot.

I hate
being
meddled
with.

...I
suppose
so.

I dislike it
when she
becomes
overly clingy.

I, myself,

prefer not to
have people
prying into
my business.

But
I have come
to think

that I would
like to know
Masaki a
little bit
better.

So
that's how
it is...

And
yet...

Well...

we get by.

as far
as I know,

Masaki-chan
has never once
brought a friend
home with her
before.

To tell
you the
truth...

But...

...How
unexpected.

that's it.

She may
not be
aware
of it...

but she
keeps everyone
around her at
arm's-length.

I know,
right?

She seems
to have so
many
friends.

...They died instantly.

She was eight at the time.

A robber killed them.

Right in front of her eyes.

Masaki-chan alone survived with minor injuries. It was a miracle.

of smiling and laughing the way she does now.

before she became capable

About a year passed

That's only to be expected, of course.

She honestly doesn't seem to have many memories of what happened back then.

Ever since...

She's careful
not to get
deeply involved
with anyone.

She does
it subtly,
so that no
one notices.

She's
distanced
herself
from
others.

I think...

She's
afraid of
losing someone
again.

even
though she
used to be
so warm
and open.

GASP

Hey,

Hinageshi-chan.

Her heart
used
to be so
tightly
closed,

but
somehow
you've
managed
to enter
inside.

~~~~~

Right now,  
you are  
everything  
to her.

I'm sure...  
she would give  
up anything  
for you.

No matter  
how dangerous  
it could be  
for her.

Please...

take good  
care of  
yourself.

it might  
shatter her  
for good  
this time.

If she  
loses you,

When did  
it get so  
late?

...Oh  
no!

So  
please...

Sorry,  
I have to  
get back to  
work!

Thanks for  
serving  
me tea!

Oh,

don't let  
Masaki-chan  
know that  
I told you all  
of this,  
okay?

Also...

ask her to  
call me once  
in a while!

Please, stop the play,?

I'd been worried about her  
until last night, but now...

I won't cause you any trouble,  
Akira-san! I swear it won't  
be for long!

Now I know  
for sure that  
I wasn't the  
right person  
to bring her  
out of her  
shell.

I get it,

but it's  
still frus-  
trating.

I just can't  
let her be...

I leave  
her in your  
hands...

She lived by  
herself in this  
room.

and terrified  
of depending  
on others.

and lonely.

Very timid

Until one day she  
opened her closet, and it

until a murder she  
happened to witness by  
pure coincidence

I destroyed

her  
self-defense  
mechanism.

Ahh...

So Akina-san  
was here.

I wonder  
if the hospital  
contacted  
her.

She always  
gets crazy  
worried  
about me.

so I didn't  
mention  
what we'd  
been  
through.

...Masaki.

that  
I told her  
about you,  
just in  
case.

It's  
a good  
thing

We are

just a little bit

similar.

I guess she  
told you

about my  
parents.

how to act  
around  
Akira-san.

...To be  
honest,  
I don't  
really  
know

Besides...

You're  
here with  
me now,  
Hinageshi.

Why do  
you not

live with  
Akira-san...?

I'm going to  
become an  
independent  
adult sooner  
or later.

This is just  
speeding up  
the process  
a little bit.

For you  
to ask me  
a question of  
your own  
volition

CREAK

That said,

it sure  
is unusual

SLIDE

FUNCH

I make my  
living...

by killing  
people.

shouldn't  
you hate  
murderers...?

Masaki,

you're just  
a regular girl,  
Hinageshi.

When  
you're with  
me,

are you?

... You  
aren't a  
murderer  
right now.

AH...

BA-DUM

I can't  
do it.

SKID

HAA  
HAA

HAA

My hands are stained scarlet

no matter how you look at it.

I cannot touch Masaki with  
these hands of mine...

HAA

HAA

HAA

Oh me,  
oh my...

kuh...

Ah...

To think  
that you  
were so  
distracted,

that you  
failed to  
notice my  
presence...

I... down my  
swords!

!!!

GIGGLE

GIGGLE

FuFuFuFu.

TIGHTEN

You

My dear  
sister.

are

all

mine

now.
